Brittany did the cake for our wedding and knocked it out of the park! It was delicious and beautiful. We couldn't have asked for better! She was so easy to work with and made the process so easy! Her pricing is also great, you get the most out of what you pay for. We also did the cake tasting prior to the wedding and she did an excellent job with that as well. HIGHLY recommend her for your bakery needs!

Holy crap! Brittney is the freakin best! Not only are her cakes and cupcakes the best I have ever had, but the decorations and how she pulls it all together is amazing. For our wedding we left some greenery on the table and she worked her magic! The cake and the cupcakes came out better than I ever could have imagined. Everyone could not stop talking about how great her buttercream was! Literally could eat a tub of it 😊. Brittney is also a dream to work with. She is so fun and will make you feel like you've known her your whole life. I cannot recommend her enough!

Brittney is AMAZING! She did a mini dessert bar for my wedding and there was not a single treat left at the end of the night! She was highly professional and helpful throughout the planning process, and came with lots of creative ideas. We ended up with pumpkin cheesecake, caramel apple cheesecake, s'mores pie, cupcakes, and cake pops. Her presentation was beautiful, she was timely, and a pleasure to work with!

Chef's kitchen provided desserts for my wedding on 10/14/2023. She was able to recommend other small businesses to help out with the donuts and the brownies. The desserts were absolutely amazing, so pretty and everyone had great things to say about them. Would recommend this small business for all of your needs! Super professional and quick to answer. Customization was also amazing. Loved that she signed our guest book sign!
